7:02 p.m.: Meeting called to order

- Flag Salute
- Minutes from May meeting were read and approved.
- April Minutes were reviewed to see what revision was made. A motion was approved to approve the revised April minutes due to a minor typo.
- Treasurer's report for May 2020 was read and approved.

Old business

- Joel Created a Facebook group for Ponderosa; invitations have been sent. Not everyone received an invitation, so Joel went back through and made sure all board members were invited. Joel walked us through the Facebook page. All board members have the ability to add and modify content. Board members do not show up as "members" to the group, so board members need to go in and answer the questions to become a member that shows up to the public. We will keep it a closed group. Facebook is going to be changing the option to where if you have a closed group you cannot make it a public group. We will take time to play around and get to know the page and then bring questions/changes to our next meeting. We will have the page go live after we approve changes/suggestions at our next meeting. Joel and Jeff will be in charge of approving new membership requests.
- Park Committee Updates: thank you to everyone who came to help clean up! We will cancel the party in the park if the Governor mandated guidelines do not change by next month. We will wait until next month to make this decision.

New Business

- Cheyanne is interested in being on the park committee. She is curious about the park plans we have. Our meeting was cut short due to the Zoom timer running out. We will continue this conversation next month.

7:39 p.m.: Meeting adjourned.

Next Meeting: July 20, 2020 at 7:00 p.m. (zoom conference call)
